

How to Download and Install a 30-Day Trial Version of SMART Notebook Software Version 10 for Windows® Operating Systems from the SMART Website

Applies to: SMART Notebook 10 for Windows® operating systems

Overview

To install a 30-day trial version of SMART Notebook 10, you must complete the following steps:

1. Remove earlier versions of SMART Board™ software and SMART Notebook software.
2. Download and install SMART Notebook 10.

This document includes additional information on downloading and installing SMART Notebook software.

IMPORTANT

If you own a SMART Board interactive whiteboard, Sympodium interactive pen display, Senteo interactive response system, AirLiner wireless slate or a SMART Document Camera, you can download and install the complete version of SMART Notebook 10. For more information, see [document 124761](#).

If you want to install SMART Notebook 10 on the same computer as Senteo software, upgrade to [Senteo software 1.0 SP4](#). If you want to install an earlier version of Senteo software (service pack 3 or earlier) on the same computer, install it before you install SMART Notebook 10.

Details

To remove earlier versions of the software

1. Remove all versions of SMART Board software, Notebook software, SMART Board drivers and Notebook software drivers from your computer. If you do not know how to remove software, ask your system administrator.

NOTE: Don't remove the Gallery if you want to keep your previous Gallery content.

2. Restart your computer.

To download and install SMART Notebook 10

1. Browse to the [SMART Notebook software 10 downloads page](#) in your computer's web browser. Read the details of the **SMART Notebook software 10 full download (software and drivers)**, and then click **Download**. Follow the on-screen instructions to save **sp1nbsbsetup.exe** to your computer.
2. Browse to the folder on your computer where you saved **sp1nbsbsetup.exe**. Double-click **sp1nbsbsetup.exe**, and then follow the on-screen instructions.
