

Converting SMART Board™ for Flat-Panel Displays Interactive Whiteboards to the PX350 Model

Applies to: SMART Board™ for Flat-Panel Displays interactive whiteboards for 50" displays

Overview

This document describes how to convert your SMART Board for Flat-Panel Displays interactive whiteboard to the new PX350 model.

Details

Check the serial number of your interactive whiteboard to see if you can convert your model. The serial number is located on the bottom right corner of the interactive whiteboard when viewed from the front. The serial number format should look like this:

- Py350-xxxx
- Py350-2L-xxxxx

Where y is the specific model number of your interactive whiteboard. If the number that follows the y is anything other than 50, you can't convert your interactive whiteboard. The following chart lists which models are convertible.

Model Number	Convertible?
