

# Determining the Serial Number of a SMART Board™ Interactive Display

**Applies to:** All SMART Board™ interactive displays and SMART Board *for Flat-Panel Displays*

## Overview

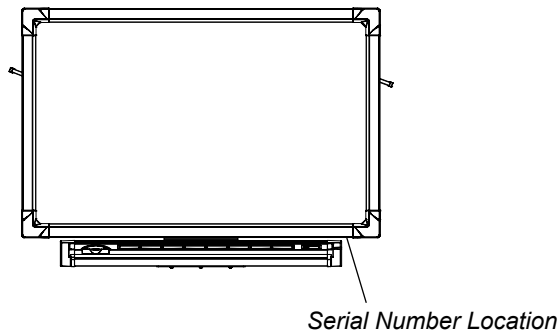

This document explains how to determine the serial number of a SMART Board interactive display.

**NOTE:** You need this serial number to obtain a product key for SMART Notebook software.

## Details

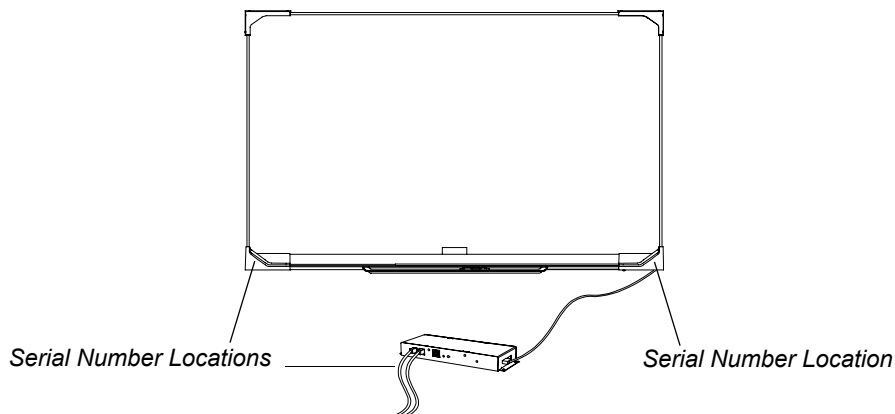

### TC-300 series interactive display serial number location

The serial number is on the bottom right edge of the interactive whiteboard's frame. The serial number follows the format PX350-2L-xxxxxx.

### TC-400 series interactive display serial number location

The serial number is in three locations: on the bottom right and bottom left edge of the interactive whiteboard's frame, and on the controller box. The serial number follows the format PX4xx-xxxxxxx.

## NOTES

- On some interactive whiteboard models, you might have to remove the pen tray to see the serial number.
- For information about locating the serial number of other SMART hardware products see the following documents:
  - *Front Projection SMART Board interactive whiteboard* – [document 84327](#)

- *Rear Projection* SMART Board interactive whiteboard – [document 84318](#)
- In-Wall *Rear Projection* SMART Board interactive whiteboard – [document 84317](#)
- Actalyst™ interactive digital signage – [document 84324](#)
- AirLiner™ wireless slate – [document 84325](#)
- Sympodium™ interactive pen display – [document 84323](#)
